To whom it may concern,

I am Chair of the Barnet Asian Women's Association. David made a film about us in 2019, showing the history and current experience of the community. He was always polite and approachable. He was a pleasure to deal with and always checked with me before he did anything and realised when very intimate and potentially damaging secrets should be left out, even when that meant the final film was less dramatic.

David gave the women confidence in the value of their stories and listened carefully and respectfully.

David created a film which documented the inner workings of our charity which gave an accurate and nuanced reflection. We all became very impressed and fond of him and he is the only non female, non Asian to be a member of our association!

David's film has benefited our community and many more members have taken an interest in our activities.

David is empathetic and well informed and professional in his treatment of our work.

He showed a generosity of spirit with his time and attention to detail and also re-designed our logo free of charge.

We were delighted with the quality and content of the final film and wish him well for his future career. He deserves to do very well.

Best Wishes

Neena Patel

Chair of the Barnet Asian Women's Association

BAWA providing vital support to Asian women in the community.
